

TempSurvey®

How to make your uninsured products assured

At your service as

- ➔ Marine cargo loss adjuster/surveyor
- ➔ Specialist in carriers' liability issues
- ➔ Professional negotiator on goods-related problems
- ➔ Specialized in 'perishable food' goods
- ➔ Advisor in cargo prevention systems

Good to know : TempSurvey® does **not** work for insurance companies !

References 2017 :

CMR Survey / Marine Recovery in UK and France

- Pallets turned over in truck **Recovery € 20 000**
- Bevroren food "visited" by stowaways
Recovery € 16 500
- 5000 liter liquid cream **Recovery € 6 000**
+ delivery of saved goods
- Frozen food claim **Recovery £ 17 500**

Marine /CMR/professional liability

- French court case due to a dispute between 4 successive hauliers, as many insurers, 1 Freight forwarding agent – TempSurvey® made all agree after 1 month of negotiations

Marine

- Marine cargo claim in Far East
==> seemed to be a discussion on quality issues
€ 300 000–TempSurvey® went there to look after this

Etc...

Approach :

Mr. Jan Robyns' massive experience is the best guarantee to bring your mission to a good end as per outstanding degree of professionalism.

No other surveyor has a combined background in the field of marine cargo insurance, in the world of transport and in technical knowledge.

One of the ultimate specialities are all kind of temperature sensible 'perishable food' cargo..

Looking forward for your confidence of a case,

Jan ROBYN
